HM Revenue & Customs

HMRC issue Capital Gains Tax letters to those who have had Crypto Assets

HM Revenue and Customs have recently begun sending notices to individuals such as the one included that they believe have, or may have had crypto assets on which they potential need to pay Capital Gains Tax ("CGT") if there has been a disposal.

**Innovate
UK**

Innovate UK Grants

Innovate UK is the UK's innovation agency. They help UK businesses to grow through innovation. The government's vision is for the UK to be a global hub for innovation by 2035.

Their mission in achieving that is to help companies to grow through their development and commercialisation of new products, processes and services, supported by an outstanding innovation ecosystem that is agile, inclusive and easy to navigate.

They help companies access the expertise and equipment they need, build the partnerships that will help them go faster, and fund the innovation work through grants or loans.
